Avoid being dropped from your class!

ATTEND & STAY ACTIVE IN YOUR CLASSES.
It is extremely important for you to attend the first class meeting. Instructors may drop students who do not appear in order to make room for others who may desire to take the class.

If you are taking an online class you must complete substantive work in your online class **within the first two days,** or you may be dropped from the class as a "no-show" for nonattendance.

If you stop attending and participating in your class, your instructor may drop you from the class before census.

If a student is dropped for nonattendance at the first class meeting (or first week for online students), and if space is available, it is the student's responsibility to reregister into the class in Admissions and Records located in the Office of Student Services or online through MyCMC portal.

If a student is dropped before census for nonparticipation they will not be able to add a full semester class.

Financial Aid will be notified that you have been dropped from the class and will adjust or discontinue your financial aid.

Information Competency is one of the core competencies for CMC students.

Technological Literacy Matters at CMC!

Online learning is not just for online or hybrid classes!
Any class may be web enhanced.

Many of our classes use Canvas and/or online sites such as MyMathLab, MyLab, MyProgrammingLab, or the textbook publisher's website for assignments, testing, homework, etc. Check the information on your class registration for your course material needs which may require an access card in addition to your textbook.

Hours listed in the schedule represent your "in class" hours. Plan to spend an additional 2-3 hrs per week / per credit unit on your studies.

Common Course Numbering (CCN)

Beginning Fall 2025, the **Common Course Numbering (CCN)** system—mandated by the state under initiative AB 1111— was implemented to simplify student transfers and establish uniform course numbering across all California Community Colleges.

Currently in **Phase 2b**, the CCN initiative focuses on aligning course numbers for general education and transfer pathway courses. The system is designed to ensure that comparable courses across community colleges share the same course number, thereby streamlining the transfer process to four-year institutions and helping students avoid accumulating excess credits.

Courses designated as part of the CCN system will include a **"C" in their course numbers** (e.g., ENG 003A will become ENGL C1000). Additionally, **some subject area prefixes will change** to meet statewide standards (e.g., PS will become POLS, SP will become COMM).

All changes—including updated course numbers and prefixes—will be **clearly noted in the class schedule** to help students identify and navigate the transition with ease.

How Much Will Your Class Cost?

Symbol	Total cost (C) of class
$	C = $0
$	$0 < C ≤ $25
$$	$25 < C ≤ $50
$$$	$50 < C ≤ $75
$$$$	C > $75

These costs do not include unit fees or other general student fees. Note that some classes require reliable computer and internet access, downloading free digital course materials and other open educational resources (OER), and extended periods of screen time which may contribute to screen fatigue.

Successful online students are great at time management!

Our schedule lists "in-class" hours.
In addition, **ALL CLASSES also have OUT-OF-CLASS hours**.

A typical 3 unit lecture class requires 54 hours of in-class time and 108 hours of out-of-class time for a total of **162 hours**.

When registering for a typical 3 unit lecture class* use the numbers below to help manage your time wisely:

- Regular 16 week semester: **10.2 hours** per week
- Condensed 8 week: **20.25 hours** per week
- Condensed 5 week: **32.4 hours** per week (summer session)

** Check with your instructor or counselor for higher unit or lab classes.*
