PSCFA is an association which is dedicated to the mission of creating, maintaining and administering a program of inter-collegiate forensics in the Pacific Southwest area; to developing the field of speech communication through cooperation between the member colleges and universities. The association is also dedicated to evaluating the educational goals to which competitive speech communication can provide all students with an orientation in speech communication which will enable them to better order their own affairs.

Professor and Speech and Debate Club faculty advisor Joe DeSantis said, "Mrs. Marshall has been the motivating and driving force in creation of the Speech and Debate Club on campus. Lisa is naturally talented and works hard. This is a great start for the club and wonderful for Lisa.
