## **LOCK YOUR CAR KEYS IN YOUR CAR?**

Cooper Mountain Community College Districts policy: Slim-jimmying can cause side air bags to deploy as well as damage internal workings of car doors. Therefore, unless it is an emergency, i.e.; car is left running, child or animal in car, or other life threatening emergency determined by Security, we cannot assist in opening your car. This policy applies to faculty, staff and students.

Below is a list of licensed, bonded and insured lock smiths you can call, at your expense, to assist with this matter.

<b><u>Company</u></b>	<b><u>Location</u></b>	<b><u>Reaction Time</u></b>	<b><u>Phone</u></b>
