Program SLO Assessment - Criminal Justice

Program: Criminal Justice Year: Spring 2013 Instructor(s): Clayton Steenberg

Program SLO List specific SLO assessed. If more than one SLO assessment conducted for the program list each SLO and assessment in separate row of the table.	Associated Institutional SLO Communication Skills Critical Thinking Skills Ethics Personal Development Information Competency	Assessment Methodology List specific methodology used for assessment.	Results of Assessment	Improvement Plan Based on the assessment results are there any modifications to the program that you intend to implement?
Demonstrate a global awareness of criminal justice systems and related legal procedures	Personal Development	Program Survey Items: I now pay more attention to the global nature of criminal justice since taking this course. My knowledge has expanded since taking this course.	4.75 of 5.00 Strongly Agree with Survey Item(s)	Students have indicated a measurable comprehension of the systematic and global nature of criminal justice systems. There are no current plans to adjust the curriculum or delivery of it at this present time based on the survey results.
Identify concepts and trends associated with criminal justice research	Communication Skills	Program Survey Items: I have developed a more thorough understanding of the principals of police organizations and the core concepts of law enforcement I am learning to understand the core principals of criminal justice and the trends associated with the various elements of criminal justice.	4.82 of 5.00 Strongly Agree with Survey Item(s)	Students have demonstrated a strong comprehension in the knowledge, methodologies, and trends of crime and related correctional procedures. Including the systematic nature of various agencies that comprise the criminal justice system. There are no current plans to adjust the curriculum or delivery of it at this present time based on the survey results.
Apply critical thinking to the use	Information	Program Survey Items:	4.91 of 5.00	Students have demonstrated a strong comprehension in the knowledge of

of various terminologies and theoretical constructs associated with criminal justice	Competency Critical Thinking	I have developed a more thorough understanding of law enforcement methods and evidentiary matters associated with criminal justice. The course activities, materials, assignments, and presentations have enhanced my learning. My intellectual and critical thinking skills are stimulated by this course. The subject matter of this course is helping me to think more clearly about criminal justice and its related disciplines.	Strongly Agree with Survey Item(s) for information 4.72 of 5.00 Strongly Agree with Survey Item(s) for critical thinking	criminal justice and the various affiliated procedures. There are no current plans to adjust the curriculum or delivery of it at this present time based on the survey results. Equally, students have demonstrated a strong comprehension in the ability to critically analyze various criminal justice practices and procedures. There are no current plans to adjust the curriculum or delivery of it at this present time based on the survey results.
Demonstrate competency in criminal justice methods, diversity, and various core principals associated with criminal justice in America	Ethics	Program Survey Items: I have learned how various academic research studies are connected to the scientific study of criminal justice and importance of ethical concerns. This course has helped me define legal terminology and various theoretical constructs.	4.54 of 5.00 Strongly Agree with Survey Item(s)	Students have demonstrated a strong comprehension in the theoretical concepts of policing in a diverse society. Additionally, teaching of diversity has been a main tenet of the learning process. However, this seems to be an area where students are weaker than in other institutional learning objectives of the CJ program. The recent change in the course structure from Community Police Relations in Law Enforcement to Community and the Justice Systems hopes to reinforce a stronger model of ethics and associated concerns.
