#### **Summer Semester 2014**

#### Mathematics textbook and Website requirements

The following table lists each instructor and indicates whether they require the purchase of the text book or the internet based website. There is a purchase price difference, so please be aware of the expense when you register for the course.

New texts in PreAlgebra, Elementary, Intermediate and College Algebra purchased at the Ernie Reed Bookstore include the MyMathLab access code.

Used texts may not include the access codes.

Used access codes should not be purchased.

# The PDF versions of the textbook and student solutions manual are embedded in MyMathLab site.

Codes for MyMathLab can be purchased separately for those courses for students who are not required to have a textbook. They are available at the college bookstore or www.MyMathlab.com.

**Disclaimer**: This list is subject to change – any changes will be discussed on the first day of class and specified in the course syllabus.
