

How to get your money:

1. Enroll for disbursement to your bank account or to your debit card by going to CMC website at www.CMCCD.edu and click on the “Financial Aid Refund” area. Complete the requested information and ‘SAVE’ on the last page.
2. Turn in all requested paper work to Fin Aid office so your file can be reviewed and aid awarded – you will get an Award Letter when this is complete.
3. A card is produced and mailed when you fill out the address you want the card mailed to (about 7 days for the mailing of your card). Money will be disbursed according to the days listed in the Financial Aid planner you can receive at the Financial Aid Office.
4. Your disbursement account is good for your time here at Copper Mountain. You can change your disbursement (ACH to card or card to ACH) as often as you wish.

Disbursement times (actual dates are listed in the Financial Aid Planner – ask for one):

1. A 30% book loan is available the Friday of the first week of school if you bring in a Proof of Attendance form completed by any one of your instructors.
2. A 20% disbursement is made about four weeks after college starts.
3. The remaining 50% disbursement is made about 12 weeks after college starts.
4. If you chose ACH to have your money deposited straight into your bank account – this will take about 5 days due to the money having to go to a national clearing center (like when you deposit a check from someone out of state). If you have chosen the debit card you will receive the money by 4pm on the disbursement day.
