c. **Region IX Delegate and Alternate Delegate**

Riverside meeting, Generally Assembly will have clickers this year. COD implemented smoke free campus. We should consider it. Several new committees were formed, gala committee. Legislation update.

d. **Officers**

Liz: I have a Contact list.

Tara: temp candidate forum committee will meet after this

Randy: BOT is important because it's the first read through of the policy. I'm voting against the policy, and need support. I'm going against it, because I believe this policy will really hurt us. Thursday October 9th, 3-5 in the bell center community room. This will be finalized at the BOT meeting. Members have been missing meetings. That is concerning to me because students aren't being represented.

Johanna: talked to Chesterman, could help with Yucca High school night, 29 palms has a hs night as well waiting on times. Could set up a booth and talk about experience at the school and try to get students to recognize CMC. Also have chance to do student guided tours in spring with orientation, but would hopefully set up a program to do that will all orientations. Could set up a mentorship program, details of how to do it aren't all in line yet. People have been noticing and commenting on our name tags. Randy noticed we are wearing them and people do like them.

Falossi: at JC penny's she started trying to raise money on her own time for student government. Started selling water to them for 50 cents and will be bringing the money to them here.

Tyler: Finished SWOT analysis. Presented the analysis. Lunch with president went great. I'm happy with who went and didn't hold their opinions back. Talk to students. Bring them to meetings. Strongest ASOs in our region as far as member to student ratio.
