Copper Mountain College Health Sciences/Nursing Programs require a criminal background check. Students should be aware that the results of the background check may have an impact on academic program eligibility or clinical/community site placement. Students may be denied access to the program on the basis of the results of the background check. The College is required to comply with licensing requirements and with policies of our partner agencies. If you have a felony or a misdemeanor in your background, please consult your program director to discuss the impact on your academic and professional career.

Inland County Emergency Medical Agency (ICEMA) will automatically deny or revoke an EMT I certificate or deny employment of any individual convicted for the above-listed Penal Code Sections pursuant of California State law. Certification of applicants with convictions on this list MAY be reconsidered by Inland County Emergency Medical Agency only if misdemeanor actions have been dismissed by a court of law or a Certificate of Rehabilitation has been obtained for felony convictions. Any other convictions, other than minor traffic violations, must also be reviewed by ICEMA.

California Department of Public Health (CDPH) evaluates criminal convictions for any offense and either grants or denies criminal record clearance by reviewing evidence of good character and rehabilitation provided by applicants, or information gathered by CDPH in relation to criteria outlined in Health and Safety Code Section 1337.9(c). Any conviction receives an evaluation by CDPH. Due to longer processing times, it is a possibility that the student may complete a Nurse Assistant Training Program (NATP), pass competency examination, pay tuition and testing fees, and still not obtain a background clearance. Failure to obtain background clearance prohibits students from obtaining CNA certification.
