

M	IP	N	<p>Completion and certification of CSU will permit a student to transfer from Copper Mountain College to a campus in CSU system without the need, after transfer, to take additional lower-division general education courses. All courses must be completed with a grade of “C” or better. CERTIFICATION: GE Certification means that CMC has verified that a student has completed lower-division requirements for the CSU system. Certification is important, without certification students will be held to general education requirements specific to the CSU campus to which they transfer. GE certification is not required for transfer. Some high unit majors, for example engineering, may recommend prioritizing major preparation classes over GE certification. See a Counselor for more information. LEGEND: <i>Courses without prerequisites are italicized</i> *Courses that appear in multiple areas below, can only be counted in one area. +Transfer credit may be limited by UC, CSU or both. Consult with a counselor. M = Met/Completed IP = In Progress N = Need to Complete</p>

ENGLISH

The English program offers exciting, enriching, and challenging educational opportunities. Language is vital. The written and spoken word is essential to achieving goals and appreciating a diversity of perspectives, cultures, and languages.

CMC offers two transferable associate degrees. One provides guaranteed transfer to a CSU while the other offers preparation for students interested in transfer to other institutions. Students should discuss which degree would best meet their needs with a counselor or academic advisor.

Although students may apply many of the courses in the major to their general education requirements, students must complete a minimum of 60 transferable units. Work with your counselor when choosing your courses.

ASSOCIATE IN ARTS IN ENGLISH for transfer

The Associate in Arts in English for Transfer degree is for students who intend to complete a bachelor's degree in English at a CSU. Core course work explores primarily British and American writers through an array of literary traditions, providing opportunities for students to express their understanding and appreciation of the literary world through analysis, research, and composition.

Students who successfully complete the Associate in Arts in English for Transfer degree will be prepared to critically analyze substantive essays and works of literature and to compose formal, college-level compositions in a variety of rhetorical situations, utilizing reliable research skills and effective print and electronic sources in appropriate format conventions, and as well as recognize the importance of academic integrity and life-long learning.

A "C" grade in all courses for the major is required.

This degree includes the following completion requirements:

- (1) Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
 - (A) The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education-Breadth Requirements.
 - (B) A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
- (2) Obtainment of a minimum grade point average of 2.0.

Program Student Learning Outcomes

Upon successful completion of this program students will be able to:

1. Demonstrate advanced critical thinking and problem-solving skills by utilizing writing as a recursive process for discovering, organizing, and expressing complex ideas while incorporating characteristics of effective composition, such as the use of standard grammar, syntax, mechanics, a well-supported thesis with sufficient support, and clear organization and structure. (Institutional SLOs: Communication, Critical Thinking, and Personal Development)
2. Compose formal, college-level compositions in a variety of rhetorical patterns, utilizing reliable and ethical research skills, appropriate primary and secondary print and electronic sources, and proficient MLA or APA format conventions. (Institutional SLOs: Communication, Critical Thinking, Personal Development, Ethics, and Information Competency)
3. Analyze and respond critically to substantive, multicultural essays and works of literature from various periods and genres to identify structural, logical, and thematic relationships in order to synthesize ideas and demonstrate an understanding of the inter-relationship among writer, audience, context, purpose, and genre. (Institutional SLOs: Communication, Critical Thinking, Personal Development, and Information Competency)
4. Critique their own writing and the writing of others in all recursive stages of planning, development, revision, and editing. (Institutional SLOs: Communication, Critical Thinking, Personal Development, Ethics, and Information Competency)
