

M	IP	N	Completion and certification of CSU will permit a student to transfer from Copper Mountain College to a campus in CSU system without the need, after transfer, to take additional lower-division general education courses. All courses must be completed with a grade of "C" or better. CERTIFICATION: GE Certification means that CMC has verified that a student has completed lower-division requirements for the CSU system. Certification is important, without certification students will be held to general education requirements specific to the CSU campus to which they transfer. GE certification is not required for transfer. Some high unit majors, for example engineering, may recommend prioritizing major preparation classes over GE certification. See a Counselor for more information. LEGEND: <i>Courses without prerequisites are italicized</i> *Courses that appear in multiple areas below, can only be counted in one area. +Transfer credit may be limited by UC, CSU or both. Consult with a counselor. M = Met/Completed IP = In Progress N = Need to Complete

ASSOCIATE IN ARTS IN HISTORY

Courses in the Associate in Arts in History degree explore the past in a variety of ways. Through a critical evaluation of the causes and significance of events in the past, students of history learn about the individuals, ideas, actions, and events that have shaped our present. History teaches students to think critically and to communicate their ideas in a more sophisticated fashion. It promotes an understanding of cultures and societies from the past while it helps students consider their own identities in the world of today. While the study of history is valuable in its own right, it also serves as a useful preparation for careers in law, public service, journalism, business, medicine, and education.

Program Student Learning Outcomes

Upon successful completion of this program students will be able to:

1. Demonstrate knowledge of key historical events and identify recurring patterns in the context of United States and world history. (Institutional SLOs: Critical Thinking and Personal Development)
2. Communicate a well-reasoned response to humanities/social science inquiries using appropriate citations derived from various sources. (Institutional SLOs: Communication and Information Competency)
3. Analyze and evaluate primary and secondary historical sources. (Institutional SLOs: Communication and Critical Thinking)
4. Articulate respect for cultural diversity within the context of the complexities of the modern world. (Institutional SLOs: Critical Thinking, Personal Development, and Ethics)
