COPPER MOUNTAIN COLLEGE  
2021-2022  
CALIFORNIA STATE UNIVERSITY (CSU)

<b>M</b>	<b>IP</b>	<b>N</b>	<p>Completion and certification of CSU will permit a student to transfer from Copper Mountain College to a campus in CSU system without the need, after transfer, to take additional lower-division general education courses. <b>All courses must be completed with a grade of “C” or better.</b></p> <p><b>CERTIFICATION:</b> GE Certification means that CMC has verified that a student has completed lower-division requirements for the CSU system. Certification is important, without certification students will be held to general education requirements specific to the CSU campus to which they transfer. GE certification is not required for transfer. Some high unit majors, for example engineering, may recommend prioritizing major preparation classes over GE certification. <b>See a Counselor for more information.</b></p> <p><b>LEGEND:</b> <i>Courses without prerequisites are italicized</i> *Courses that appear in multiple areas below, can only be counted in one area. +Transfer credit may be limited by UC, CSU or both. Consult with a counselor. <b>M</b> = Met/Completed <b>IP</b> = In Progress <b>N</b> = Need to Complete</p>

## GED PREPARATION

The General Education Development (GED) Preparation Program is an alternative to the adult high school diploma that is accepted by many employers, colleges, vocational training programs and governmental agencies. Students who wish to prepare for this high school equivalency exam prepare in five areas: science, social studies, language arts - reading, mathematics, and language arts-writing. Successful candidates receive their official GED Certificate from the State of California.

DE 390	GED Preparation - Science	DE 396	GED Preparation - Mathematics
DE 392	GED Preparation - Social Studies	DE 398	GED Preparation - Language Arts, Writing
DE 394	GED Preparation - Language Arts, Reading		

# ANTHROPOLOGY

## ASSOCIATE IN ARTS IN ANTHROPOLOGY for transfer

The Associate in Arts in Anthropology for Transfer degree provides a study of humankind around the world and throughout time, with the goal of understanding our evolutionary origins, our biological distinction as a species, and our diverse manifestations of culture. As such, it has the broadest scope of any of the social sciences. The Associate in Arts in Anthropology for Transfer degree includes basic introductory courses in cultural and physical anthropology as well as archaeology and aids in the seamless transfer to a California State University for completion of a baccalaureate degree in Anthropology or a similar major.

In addition to helping students meet general education and core requirements for transfer to an upper-level anthropology program, these courses are designed to help students understand the structure, processes, and functions of culture, the key theoretical approaches and insights that inform anthropology, and the role of anthropological theory and research methods in understanding cultures and societies. Further, a degree in anthropology provides the student with basic skills in critical analysis, application of the scientific method, and cross-cultural understanding.

With the goal of understanding people in all parts of the world, anthropology is useful to anyone living or working in a multicultural environment, such as the business world, health sciences, or any other profession which involves working with people from diverse backgrounds. The courses within this department are designed to provide students with survival skills for the global community in which we live, a community in which all of the world's people are interdependent. Anthropologists with graduate degrees work in archaeological excavation, exploration, and museum management to the analysis of cultures, linguistics, forensics, primatology, teaching, and consulting with governmental and educational institutions.

This Associate in Arts in Anthropology for Transfer includes the following completion requirements:

- (1) Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
  - (A) The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education-Breadth Requirements.
  - (B) A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
- (2) Obtainment of a minimum grade point average of 2.0.
- (3) A grade of "C" or better in all courses required for the major or area of emphasis. A "P" grade is not an acceptable grade for courses in the major.

### Program Student Learning Outcomes

Upon successful completion of this program students will be able to:

1. Collect, analyze, and interpret data using scientific methods and relevant theories as applied to the biological and cultural evolution of humans. (Institutional SLOs: Critical Thinking and Information Competency)
2. Utilize the precise and objective analysis of relevant data in formulating scientific generalizations to resolve problems associated with culture. (Institutional SLOs: Critical Thinking)
3. Communicate a respect for diversity in the evaluation of the nature and origins of culture as formed in various geographic environments. (Institutional SLOs: Communication, Ethics, and Personal Development)
