Placed on a waitlist?

During the first two weeks of the semester students on a waitlist may temporarily be allowed to attend the class with the instructor's approval and if seats are available.

This does not entitle the student to enroll in the class.

Should a seat become available, students are notified by email (**to their CMC student email address**) in the order they are placed on the waitlist.

Notified students will have until the end of the same business day to enroll or lose their enrollment opportunity to the next student on the list.

All CMC notifications are sent to your CMC student email address. This includes registration days & times and waitlist notifications.
